

the parental pledge

Every year we encounter problems with parents parking inconsiderately sometimes parking in front of residents driveways and on yellow zig zag lines. By parking in this way you are not only causing an obstruction, you are also putting your children and other road users in danger.

We are working with our neighbourhood policing team to resolve the issue and asking all parents to sign up to a pledge to park considerately when dropping off and collecting children from school and to use the voluntary one way system.
